An end toward which effort is directed. A goal is important to have.

A mark to reach for. And if you share your goal with others, they can help you reach it. In fact, entire

communities can have a goal that they work together to achieve.

NBD has made it our goal to be the best bank we can be. And helping you reach your goals is one way we aim to do that.

Every time a disc hit the ground, a wave of water would splash up into his face and then the disc would skid across the water another 20 feet or so before it sank beneath the waters. A different format? yes A random format? no Dividing the 1995-96 maple leaf into two parts was a decision made to visually explore the theme of body and soul. The layout is a break out of the traditional designs that have filled past yearbooks and an attempt to direct the viewers journey through the book. The nine by ten format is an initial statement that maple leaf vol 81 will be different.

I would like to thank everyone who gave input to this project and my list must start with the maple leaf staff from 1968. I don't know what was happening in the late '60s that gave gc students the vision for such a beautiful yearbook, but their design ideas have directed us in '96. Ted houser and i had many inspiring talks when brainstorming about our ideal yearbook. I thank him for his excellent design ideas and his inspiring enthusiasm. I also thank those sections editors who helped put our ideas on paper, grant rissler, celia mellinger, heather ruark, and particularly kathryn sommers who went beyond the call of duty in the summer of '96. Thank you to matt schmidt who brought in the funds to produce keep this yearbook. I am eternally grateful to the photographers who helped me print final pics after school was out--thanks chris kennel, adam weaver, ryan mellinger, jen eberly, and ryan miller. Adam nafziger, jon stoltzfus, and peter wiens who shot cac dances and kick-offs are also greatly appreciated. Thank you to rocky from par photo ltd. for snapping portraits for us, to media and marketing services for supplying essential photos, and to mark childs our jostens representative. Thank you to hannah sommers, ryan osborne, cinda nofziger, rod frey, jenny graber, arron kingsley, and especially ray vandersall for some keen text ideas. Lastly, thanks to malinda berry for providing stability and an excellent editing eye.
